Dear Mr. Wallace D. Johnson,

I would like to learn about you and your work because I wasn't at the YWCA. Although I wasn't there, thank you for being here for baseball camp. I really don't know how to play baseball, but all I have to do is believe that I can. I would really like to meet you.

I did not know that you are a professional baseball player, but now I do. I really admire you.

Sincerely, Kai Washington
